

Independent Agency of the Year

WINNER

Founded by five women in 2004, Household remains independent and B Corp-certified, with studios in London and New York delivering brand experience design across 18 countries. Its Fame, Fans & Fortune philosophy centres its work on relationships between brands and the people who love them. Funded entirely through profit, the 25-person agency generates £5 million annually and maintains client partnerships lasting up to 20 years. Independence keeps strategy close to execution, allowing truth, agility and brave thinking to lead. Four Gold awards and recognition as a 2026 Sunday Times Best Place to Work demonstrate creative excellence and a people-first culture.

"Household's energy runs through its founding story, growth, awards and work. Most compelling is the optimism our industry badly needs, making you want to meet them and share ideas."

/ Alex Little
